The logo for the Children's Home Society of West Virginia is displayed in a blue, serif font. The text is arranged in four lines: "Children's", "Home Society", "of West", and "Virginia". The words "Home Society" and "of West" are smaller and positioned between the larger words.

The Children's Home Society of West Virginia has provided pivotal services to West Virginia's most vulnerable children and families since 1896.

They offer child welfare, behavioral health, social casework, and advocacy services, including foster care and adoption, to 16,000+ children and families from 13 primary locations statewide. Our aim is to help build a future where, ultimately, our services are no longer needed: where every child has a safe and permanent home, a family to love them, and opportunities to thrive.
